NO 1430 30TH YEAR — COLORADO SPRINGS, COLO, THURSDAY, JUNE 6, 1901 —TEN PAGES — PRICE FIVE CENTS

DE TILLMAN WILL RESIGN

Governor McSweeney Will Accept Resignation With Pleasure.

ANOTHER LETTER WRITTEN

The Governor Scores the Senator of Pitchfork Fame for His Recent Attitude.

Columbia S C June 5—With the governors last word at Senator Tillman and the withdrawal of the senators resignation all would seem to be over but tonight Senator McLaurin after speaking very bitterly of the senior senator made the statement that if Senator Tillman will now tender the governor the unconditional surrender of his office he (McLaurin) would consider this a direct challenge to him and would likewise resign and enter the contest for Senator Tillmans place

Columbia S C June 5—Decidedly the most surprising outcropping of the senatorial row was the unexpected letter from Governor McSweeney to Senator Tillman today The governor declares to Tillman that if he wants to resign his withdrawal from the senate will be immediately accepted The letter reads

"Your letter of June 1 has been received I have carefully noted its contents and the most charitable view which I can take of it is that it was written in the heat of anger and without due consideration I regret that you say that I have transcended my authority and that the governor cannot compel a member of the United States senate to hold his commission and exercise the functions of that office if he chooses to surrender it And that I decline for the present to accept your resignation

"Had you read carefully my letter addressed to you and to Senator McLaurin you must have seen that I did not express any desire to compel a member of the United States senate to hold his commission and exercise the functions of that office if he disposes to surrender it My sole purpose in requiring the resignations was to ask you gentlemen to consider calmly and thoughtfully the consequences to the people of what I judged to be a hasty act and what seemed to have been a hasty act and I must confess that I was somewhat surprised at the tone of your answer to my request I considered the course which I took in this matter to be for the best interest of the people of South Carolina and I am responsible to them alone for my action and furthermore I still believe that my course has met the approval of a majority of the citizens of the state nor do I consider the unthinking citizens but men who know and recognize as fully as any people on earth the rights and duties and responsibilities of citizens and who do not need the services of any one to tell them their duty Your insinuation that I have been importuned to await the convenience of any present or would be aspirants to or not just yet ready for various reasons to enter the contest brought on so unexpectedly and that for this reason my action has taken the direction it has is unworthy of a man holding the high commission which has been given you by the people of South Carolina and deserves no notice in this connection

"However I may say for your benefit that I alone am responsible for my reply and will give account for the course I have taken to the people who have honored me and not to any one individual In this matter I have done what I thought best calculated to promote the present prosperity and contentment of the people of this state and shall continue to do so regardless of what any one man may say or think of my course I did not think that a political campaign this summer could do any good and acted according to my belief However had the resignations been unconditional and unrestricted my action might have been otherwise With due respect for your opinion I think I have a high conception of the office of senator and its powers as you or any other citizen of this state and you must have known that the brief interview to which you refer meant that I would simply meet the responsibility and perform my duty under the conditions If you still wish to resign your commission and will send to this office an unconditional resignation I will exercise the authority and power vested in me by the people Respectfully etc

"M B McSweeney Governor"

SENATOR TILLMAN HAS WITHDRAWN RESIGNATION

Columbia, S C June 5—Senator Tillman protesting against the governors right to reject the senatorial resignations tonight withdrew his resignation In his letter to Governor McSweeney Senator Tillman said

"I have Senator McLaurins communication in which he graciously consents at your request to hold on to his commission as United States senator and I continue to serve the state as he has done in the past to the best of his ability

"This leaves me one of three alternatives To appeal to the Democratic executive committee to take up the matter and determine what the best interests of the party require to be done to appeal to the senate itself to determine whether a resignation from that body to take effect at some future time is binding or withdraw my own resignation

"There are no precedents on this subject because in the 125 years of our national life with more than 200 resignations from the senate no other has hitherto been willing to occupy the despicable attitude now assumed by Senator McLaurin and forced upon me I am certain of one thing That the executive of a state has no authority to decline to accept a resignation that has been tendered and I am equally certain that had your excellency confined your action within legal bounds your appointees would be seated in the senate when that body meets in December and hold their seats until the legislature should act in January My chief regret is that I am forced by your action to engage in what the outside world will consider a game of opera bouffe by withdrawing from the combined resignation after Senator McLaurins undignified and puerile action but the purpose for which it was tendered has been thwarted by Senator McLaurins precipitous acceptance of executive advice Bob Acres has been outdone for once I have already said I had no motive or purpose in resigning except to force McLaurins resignation and there is nothing to do but to accept the situation and withdraw my own resignation if it be lawful for me to do so"

MAGAZINE EXPLODED AT MARE ISLAND NAVY YARD

Vallejo Cal June 5—A peculiar fire occurred at the Mare Island navy yard today Between 70 and 80 tons of smokeless powder was burned causing a loss of between $400 000 and $500 000 The powder burned nearly all day and was not extinguished until tonight The origin of the fire has not been determined The generally accepted theory is that the powder in the magazine took fire through chemical action This theory explains why no explosion occurred The only damage done to the brick building in which the powder was stored was the demolishment of the roof which was lifted off by the gas generated by the burning powder

The powder was loosely stored in copper cylinders A shell store room containing a large number of high power shells was situated 50 feet from the burning powder but was not affected in the least

When the roof was blown off the smokeless powder magazine the people living in the vicinity hurriedly left their houses some of them partially dressed and carrying articles of wearing apparel in their hands They took refuge in a ravine about a quarter of a mile away knowing that if the magazine exploded death and disaster would be the inevitable consequence and that probably every building in the town of Vallejo would be wrecked Fortunately the Southern Pacific company s steamer El Capitan which was in the vicinity succeeded in getting a stream of water on the main magazine and extinguished the flames before serious damage was done

The building in which the smokeless powder was stored was an old structure built of stone It is a complete loss The cause of the accident is thought to have been the decomposition of old material About 200 tons of powder were destroyed

LIBEL SUIT AGAINST MRS. EDDY DISMISSED

Boston June 5—Judge Charles U Bell this afternoon brought to a sudden and unexpected end the famous $150 000 libel suit brought by Mrs Josephine Curtis Woodbury of Boston against Rev Mary Baker Eddy of Concord N H the founder and present head of the Christian Scientists church He said

"I have examined this libel case with great care both while the arguments were going and during the trial—I think the plaintiff has sustained her case upon the matter of publication As regards the publication in the church there is no evidence that any one there understood the alleged libel as applying to the plaintiff so that she could not recover damages upon this count because she had shown no injury by it

"Taking the libel itself, I see nothing which can in any way be said to indicate the plaintiff in the first part of the libel The only thing in the libel seems to me which can by any reason able interpretation be said to serve as means of identification as are the words widow and widowhood which occur in the latter part of the message

"I have come to the conclusion that even the reference does not absolutely identify the plaintiff as it seems to me that the plaintiff has not made out a case here which I can let go to the jury I shall therefore be obliged to order a verdict for the defendant"

The jury which had been excluded while the arguments were being made were summoned into the court room After explaining briefly the cause for his course Judge Bell ordered the jury to find for the defendant which it did in the usual form

NOTEWORTHY BANQUET GIVEN IN LONDON

Delegates of New York Chamber of Commerce Were the Guests of Honor.

COMMERCIAL FRIENDLINESS

Speeches Were Dull but Full of Expressions of the Cordial Relationship Existing Between the Two Countries.

London June 5 The banquet tendered by the London chamber of commerce to the delegates of the New York chamber at Grocers hall tonight was one of the handsomest affairs of the kind ever given in a city famed for lavish hospitality No effort was spared to honor the American guests but it must be confessed that the latter did not sustain the reputation America has for brilliant after-dinner speaking Nor did the British speakers do much to relieve the tedium of four hours speaking

All the speeches however teemed with extreme friendliness and faith in the establishment of permanent friendly relations All the speakers expressed the belief that Great Britain and the United States would rule the destinies of the world and that their unwritten alliance would always work for peace and the benefit of mankind

At Tables of Honor

Lord Brassey presided On his right was Mr Choate and on his left Lord Lansdowne Morris K Jessup Andrew Carnegie Cornelius N Bliss Lord Alverstone (lord chief justice of England) Mr Griscom George C Ward Lord Strathcona and Mount Royal Levi P Morton Lord Avebury (president of the associated chambers of commerce) and J Pierpont Morgan were among those seated at the table of honor

In all nearly three hundred were present In welcoming the guests Lord Brassey who made the first speech said "We welcome them as the representatives of the skill and enterprise which have turned the vast resources of the American continent to the service of mankind We are largely sharers in these benefits Our teeming millions could not live without the food America produces and the raw materials for our industries America teaches us lessons not only in the creation but in the liberal distribution of wealth"

Referring to the debt Great Britain owed to the New York chamber of commerce at the time the Venezuela difficulty arose Lord Brassey said he desired to mark Great Britains deep sense of the service rendered

Wise Friendship

"No no other nation" he continued "are we drawn as we are to our kinsmen across the Atlantic The wisely directed friendship of our two peoples—not as yet, and perhaps never to be cemented by formal alliance should be a potent influence Working together for the common good of all mankind we may keep open the door for trade we may spread civilization we may protect the oppressed and we may establish peace among the nations"

There was a murmur of expectancy as Lord Lansdowne the foreign secretary arose to toast President McKinley

"I imagine" he said "that this honorable duty has been assigned to me because I am connected with the department of foreign affairs and because it may be that a toast coming from my lips may seem to denote more than a private expression of admiration and good will I think I may say that to all the subjects of his majesty it requires an effort to think of our relations with them as foreign relations" (Prolonged cheers)

Mr Jessup s Reply

Mr Jessup president of the New York chamber of commerce replying to the address of welcome spoke in part as follows

"It is said that kind words are the music of the world For the gracious and kindly words with which you have made us welcome and for the generous warmth of our reception manifested in every eye and felt in the clasp of every hand it is my privilege to express the thanks of the New York chamber of commerce especially of my associates here present as your guests at this memorable banquet.

"It was a happy inspiration that dictated your kind invitation and I assure you it was accepted in the same spirit and if our coming together at this time serves to bind in closer ties the relations between the two nations our hopes and expectations will be fulfilled and we shall count it a high privilege to have been here"

ALL COLORADO TO COME THERE

The results of the work of the citizens who are soliciting funds for the Quarto-centennial celebration indicate that there is going to be no need to curtail the plans for the celebration in any respect The responses in every instance are that the character of the celebration must be the best that can be planned and that the people of Colorado Springs must and will come forth with the funds to make the event the biggest success ever scored in the state

The executive committee of the centennial association is now acting in the capacity of a finance committee in order that it may ascertain positively and fully the will of the people in this matter The citizens who were out yesterday on the Quarto-centennial business report that subscriptions are coming in liberally and promptly

It is very necessary that the citizens respond at once when called upon by the members of the committee The citizens who are undertaking to raise this money are men whose business affairs demand their time and every minute put in on the centennial work is a sacrifice to them It is necessary, therefore that the citizens who are called upon be ready with their subscriptions when they are visited in order that the money raisers may not need to call upon them several times before finding out their intention

The money that the people of Colorado Springs are asked to give to this cause is insignificant when compared with the amount of money that the celebration will bring to Colorado Springs. Every cent contributed to this cause will be put where it will bring a bigger and quicker return than can be brought in any other way and the more money that is put into the centennial fund the bigger and quicker is the return going to be If the people of Colorado Springs put up the amount of money that the committee has asked for there is no question but there will be 50 000 outsiders in Colorado Springs during the three days that the celebration will continue The character of the program that will be prepared the rates that the railroads are going to offer as an inducement to the people to travel the general prosperity of the state and of neighboring states the desire of the people of Colorado and of neighboring communities to visit Colorado Springs and its famous scenic environs all these things will operate to swell the attendance and needs only the heartiest kind of co-operation on the part of the people of Colorado Springs themselves to bring this many people to the city

If this many people are brought here and it can easily be done a quarter of a million of dollars of outside money will be spent in Colorado Springs during the first three days of August No man will come here for two days without spending $5 and there will be thousands who will stay for the entire celebration It is a clear, cold business proposition with the merchants and the boarding housekeepers and the general business community of Colorado Springs to make this celebration one that cannot fail to draw the crowds

The committee will visit each business man and ask his help The committee should not need to do any arguing The people should begin immediately to plan for decorations and for jollification but first of all they must plan for contribution

FIRE AND WATER

Kansas City June 5 William J Bryan addressed an audience of 1 500 people at the Democratic club rooms tonight He declared that the Democratic party could not be reorganized by men who had been with the enemy in 1896 and 1900 The supreme court decision he said had made imperialism a burning issue and he predicted that it would wreck the Republican party

HILL TAYLOR

New York, June 5—Miss Maud Van Cortlandt Taylor daughter of Mr and Mrs Van Cortlandt Taylor of St. Paul was married today to Louis Warren Hill son of James J Hill president of the Great Northern railroad The ceremony was performed by Archbishop Ireland in the home of the brides brother Walter C. Taylor of this city The archbishop came east especially to officiate at the wedding

WISCONSIN S TRIAL.

Washington June 5—The navy department has authorized the final trial of the battleship Wisconsin now on the Pacific station about the 1 th instant.

GOVERNOR WELLS OF UTAH MARRIED

Salt Lake City June 5—The wedding of Miss Emily Katz formerly society editor of the Salt Lake Herald and Governor Wells of Utah took place this evening at the home of the brides mother 135 East South Temple street in the presence of about a hundred relatives of the bride and groom The ceremony was performed by Bishop O F Whitney in accordance with the religious ritual of the Mormon church and was exceedingly beautiful and impressive The ceremony which took place at ... o clock was followed by a reception The big lawn of the Katz residence was walled in with canvas and lighted by rows of incandescent lights and here in the flower bedecked house the governor and his bride received congratulations until 11 30 p m when they took a special train for Ogden Tomorrow Governor and Mrs Wells will take the Union Pacific overland limited for a six weeks bridal tour in the east Chicago will be the first stop New York Boston Washington and Philadelphia will be included in the itinerary the return trip being made via Buffalo Niagara Falls and the great lakes Governor and Mrs Wells will be at home after September 1 at the governors residence on First street

MRS. M'KINLEY HAS MADE SLIGHT GAIN

Washington June —Dr Rixey made his usual nightly visit to the White house shortly after 9 o clock and remained about an hour and a half On leaving he said

"Mrs McKinley is resting very comfortably now She has gained this evening but there is no marked change She is doing very well"

While the improvement in Mrs McKinleys condition is slight the fact that there had been no set back during the day but on the contrary a slight gain was gratifying to the White house household and the president expressed his pleasure several times during the evening

In view however of the gravity of the condition of the stricken mistress of the White house too much significance is not attached to the slight improvement shown Both ups and downs have marked the progress of her illness and it is realized that whatever gain or improvement is shown may prove but temporary For this reason the bulletins as officially announced by the physicians once a day refer to the gain in condition in very guarded language

President McKinley is spending a large part of his time at his wife s bedside He was out driving for an hour however just before dinner and returned refreshed With the exception of time spent in the early evening with a few callers and a short time in the cabinet room at 11 o clock most of the evening was spent within call of his wife

STONAKER MARRIED

Middletown N Y June 5 Clarence Stonaker of Denver secretary of the State Board of Charities and Corrections of Colorado was married here tonight to Miss Mary R. Wisner daughter of Captain Lewis S Wisner

BARONESS VON KETTELER RECEIVED BY EMPEROR

Berlin June 5—Herr Ballin director of the Hamburg American steamship company took luncheon with Emperor William yesterday and gave his majesty an account of his visit to America.

The emperor also received the widow of Baron von Ketteler

The correspondent of the Associated Press learns that Emperor William s reception of Baroness von Ketteler who was accompanied by her mother in law was most kind His majesty listened with interest to the recital of the widow s sorrowful experiences during the siege of Peking also to her account of Baron von Kettelers death. The empress who was present at the audience often interrupted with questions, evincing the highest regard for the widow s courage and subsequent nursing of the sick and wounded Her majesty at the emperors request pinned the insignia of the highest class of the Louise order to the widow s breast

In the evening the baronesses dined with the emperor and empress.

The baronesses are the guests of Emperor William They will dine tomorrow probably with the Duchess of Albany and may return to the Ketteler estates near Muenster, Westphalia the next day whence soon afterward they will go to a watering place The widow has not yet recovered from the attack of nervous prostration from which she has been suffering Both ladies arrived at Potsdam without anybody even the officials of the United States embassy being informed of their visit Emperor William s invitation to the two baronesses was contained in an autograph letter couched in the most sympathetic language.

The widow was formerly Miss Maud Ledyard of Detroit

STATE LABOR FEDERATION

Six Inches of Snow at Leadville Necessitated Overcoats.

RESOLUTIONS WERE ADOPTED

A Church Synod Was Denounced For Expressing Unfavorable Opinion of Union Labor.

Leadville June 5—Today was resolution day at the state convention of the Federation of Labor

The delegates were all compelled to wear overcoats as they woke up to find six inches of snow on the ground

The case of an engineer who until recently was employed at the Pueblo insane asylum was taken up It was reported by delegates from Pueblo that Dr Busey superintendent of the state insane asylum had compelled his engineer to be on duty from 12 to 14 hours each day The remainder of each day it was represented Dr Busey compelled his engineers to remain on call duty at the institution They were allowed to be absent from the grounds only one night each week and not that except by special permission This engineer reported the abuse to the union and thereafter he was discharged The convention after hearing the matter instructed the executive board to confer with Governor Orman and the board of lunacy commission who have authority over Dr Busey

The convention took up the strike of Bricklayers union No 2 of Pueblo against the Colorado Fuel & Iron company which has been in progress for three weeks They want nine hours work and recognition of the union The matter was referred to the executive board which will undoubtedly vote the Bricklayers union considerable financial assistance

The Steam Fitters of Denver were refused admittance into the State Federation of Labor because on a previous occasion they seceded from the Plumbers and Gas and Steam Fitters union

Last month the Stage Employes union of Pueblo was called out by President Garman on account of the trouble with Peter McCourt As the stage Employes union of Pueblo refused to obey the order the charter of that union was revoked promptly by President Garman This action was unanimously indorsed

As soon as the convention had been called to order for the afternoon session President Garman introduced Judge Owers of Leadville as a friend of labor Judge Owers began with a review of labor conditions contrasting the past and present He touched upon the trusts and the necessity for combining against them

"A condition and not a theory confronts you" he said "You must stand together in your unions and politically When politics have been barred from unions in the past through politics the unions will acquire control and get that for which they ask You hear the agitator decried But agitation is the synonym for progress. Keep kicking until you get what you want"

Judge Owers then said he hoped to see some man who was prominently identified with the unions appointed by the state authorities to the office of assistant state mine inspector the place lately held by David Griffin To that end he suggested that resolutions on the subject be passed at once by the federation and forwarded to Governor Orman and State Mine Inspector Lee

Resolutions were also introduced and carried urging the passage of laws providing for public ownership of public utilities the adoption of the initiative and referendum the establishment of public reading rooms in every town to educate the masses the public ownership and operation of coal lands and the enactment of laws excluding all Asiatics A resolution was unanimously carried which rebuked the Reformed Presbyterian synod of America, in session at Pittsburg Pa for denouncing labor unions as dangerous The resolution contained the following clause

"Resolved That the convention desires herewith to state for the enlightenment of these over zealous bigoted misrepresentatives of a large membership of that church that organized labor as operated and controlled by the different unions of America is today working for the good of humanity not only of its members but also of those who are not organized That said organization is doing more good morally bettering the condition of more people causing the enactment and enforcement of better laws making possible the better education of the masses aiding in the building of more everlasting monuments of true Christianity —the brotherhood of man—making it possible for more people to have three meals a day and to wear better clothes than all the religious denominations of America And the labor unions do it without any great amounting of advertising"

STATE FAIR AT PUEBLO

Mr Paul Wilson secretary of the Pueblo State Fair association was a visitor in Colorado Springs yesterday and he has a plan that will undoubtedly meet with the heartiest kind of approval at the hands of the people of Colorado Springs and of El Paso county for it is the county as well as the city that Mr Wilson wants to interest

Plans for an old fashioned state fair to be held in Pueblo on Sept 23 to 28 inclusive are being submitted to the boards of county commissioners of the counties of the state and there is little doubt but the most successful and complete state fair that has ever been brought off in the west is going to be the result Mr Wilson has already visited about 10 counties in this section of the state and there is a unanimity of opinion among the people that the idea is going to prove popular and the project a success Pueblo will expend about $75 000 in the erection of buildings and the making of other plans for the fair

The county commissioners of El Paso county have been asked to name a man to act as El Paso s vice president in the association The county will be assigned a space at the fair for an exhibit of live stock, of minerals of dairy products and of agricultural products or for anything else that the county can exhibit A feature of the fair in which Colorado Springs is expected to take an exceptionally prominent part is its department of fine arts. Colorado Springs has the reputation of having more fine paintings and works of fine art that are to be found in any other city of its population in the United States and the fair at Pueblo will undoubtedly demonstrate this so far as Colorado is concerned The county board is also asked to appoint if it sees fit ... who shall be employed and paid for a few days to go around the county and inform the people of the outlying districts of the nature of the exhibits that are wanted in order that the best possible representation of the county may be assured If the board sees fit to employ such a man it will be expected to pay him what it wants to Otherwise the county will not be at any expense in connection with the fair

"The idea seems to be exceptionally popular with all the people we have as yet seen" said Mr Wilson to a Gazette man last night "The state has about everything else provided for that the people need for their entertainment during the summer and fall but there is no state fair provided for and Pueblo has determined to take the matter up and make of it a success such as has not been achieved by any other state in the west Colorado has the resources, mineral and agricultural and stock raising to make an enormous exhibition and this is what we are planning for

"Pueblo has set her dates far enough into the fall so that there will be no danger of a conflict between the fair and the Quarto centennial that is to be held here the first three days in August. We find that there is a very general interest in the latter and as a matter of fact I note in my visits to the different counties that I have been to up to the present time that all the counties are planning to participate in the Quarto-centennial to a much greater extent than I supposed would be the case You will undoubtedly have a very generous representation from the entire state upon the occasion of your celebration Pueblo itself will be here en masse Anything that we can do to aid the plans for the Quarto centennial is going to be cheerfully done and we are confident that the relations of cordiality and co-operation that Pueblo ... toward Colorado Springs in the matter of the centennial will be reciprocated by Colorado Springs when we hold our fair"

SUICIDE OF PROMINENT WOMAN IN ANACONDA

Special to the Gazette

Anaconda, June 5.—Mrs Nancy Foreshaw the wife of Fred Foreshaw the well known assayer committed suicide at 3 o clock this afternoon by shooting herself through the heart The rash act came as a great surprise to her many friends and her death is deeply deplored by the entire community

Mrs Foreshaw was a handsome woman 28 years of age Beside her husband she leaves two little children a boy and a girl to mourn Mrs Foreshaw s maiden name was Nancy Owens and her mother residing at Washington D C. is reported to be very wealthy and a social leader in that city

Mrs Foreshaw was of a happy disposition being a talented musician and an excellent entertainer Only last night she gave a party at her home for a number of friends She came to the district from Denver about four years ago, where her husband was assayer at the United States mint

This afternoon shortly after lunch Mrs Foreshaw called at the drug store of Jesse Collin to visit Mrs Collin She was in the best of spirits and having her children with her seemed perfectly contented Shortly before 3 o clock she went to her home leaving the children at the drug store It appears that she was the only one in the house and going directly to her room secured a 38 caliber Smith & Wesson revolver Loosening her collar she went to the bed and lying down placed the point of the weapon just over her heart and pulled the trigger The bullet went through her heart and body imbedding itself in the mattress

A few minutes later Mrs Collin returning with the children discovered the dead body She notified her husband who arrived about the same time as did Mr Foreshaw from his assay office just below the house When the husband saw his wife dead he attempted to grab the pistol from her hand and kill himself but was restrained by Mr Collin, who holding him back said "Don t Fred This is bad enough, remember the children"

Coroner Dunn was notified of the sad affair He investigated the death and it is not probable that an inquest will be held

Up to the present time it is not known what caused the woman to commit the rash act

The Gazette is the Only Newspaper in the State with Its Own Private Wire to the Colorado Springs Mining Stock Exchange.

THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs June 5.—The market today was very light and prices were disposed to be off fractionally. The demand for stocks seems to have withdrawn to some extent but the very light trading attests the unwillingness of holders to sell out on any break. It may seem strange that when the Portland matter has been definitely settled the market should be weaker than it was while the uncertainty of the outcome was at its height but the temper of the market seems to be in direct opposition to all the traditions of stock trading and no one can say that it will either advance or decline because conditions are favorable or unfavorable because it seems to have no connection with any conditions but ambles up and down at its own sweet will. Nevertheless the condition of Cripple Creek is so satisfactory that a good advance is inevitable some time in the coming weeks and it is the opinion of the brokers that no mistake in buying the better class of stocks now, and the activity in the preferred prospects list signifies that their advance is being heeded to an appreciable extent.

The market upon the afternoon call with the exception of the trading in Gold Dollar and Eclipse was dull and inactive. In the mines Gold Dollar was the strongest and most active stock. It opened by the sale of 30 000 shares at 17 and sold up to 17⅛ at the close. A J was weaker at 17. Anaconda was [illegible] and Doctor inactive at 7½ seller 30. Elkton at $1.75½ and Mollie Gibson at 35½ were strong while Jack Pot at 47½ and Pointer at 11⅞ were weaker. Isabella sold at 62. In the preferred prospects Eclipse was the center of attraction 72 000 shares changing hands. It opened at 15½ buyers option and sold down to 14⅝ but closed stronger at 14 [illegible]. C C Col sold at 15½ Gold Bond at 9 and Hart at 10. In the prospects only six stocks were traded in. In the unclassified department only eight stocks. Dorothy was 17⅛ Gold King 11¼ Shannon 2 and Zoo closed at 4¼.

The total amount of the sales for the day were 41[illegible] shares for which the cash value was $[illegible].

LA CALARA GROUP

Satisfactory Reports Received by R C Bogy Concerning the Property Lately Secured by Him in Old Mexico

Mr Ramsay C Bogy has just received the best news he has had from Old Mexico since he invested in that country some months ago. Mr Bogy [illegible] the property known as La Calara group in the state of Sonora the purchase being made only after several favorable reports were made upon the property. The final report which caused Mr Bogy to decide to purchase was made by Prof A F Wuensch one of the best known mining engineers in the west. Mr Wuensch visited the property several times in Mr Bogy's interest and finally after many tests declared that the property would undoubtedly pay, and fixed a definite figure of the ore on a basis of $70 per ton. He also stated that while this would be a good pay he believed the ore would increase in value as depth was attained. Immediately after the property changed hands vigorous development work was started and has been carried forward steadily ever since. About 1000 feet of work has been done on various portions of the group but mostly on the main work of the Calara. This work has practically all been done on the vein and has fully verified the predictions of Professor Wuensch. Some time after [illegible] [illegible] of the property greater depth had been attained and average assays from the deep portion of the property showed values of at lit five ounces per ton in gold or over three times the value that Professor Wuensch had originally estimated. A few weeks ago Professor Wuensch again [illegible] for the property and has been there most of the time since. He made thorough tests and sent samples to Mr Henry Wood the well known Denver assayer the results of these samples have recently reached Mr Bogy and show most encouragingly. The sample from the deepest workings shows an average value of over 11 ounces of gold per ton or about eight times the value that Professor Wuensch thought would be good pay. Professor Wuensch also reports that development work has progressed most satisfactorily and of course enormous ore bodies have been opened up besides which a great deal of ore is piled up on the dump for although no effort has been made at production it has been impossible to avoid extracting some ore in the development work. It is probable that a mill and concentration plant will be installed very soon. Before Mr Bogy purchased the property it had been worked for generations frequently paying good profits with the aid of an old fashioned arastra. Mr Bogy was [illegible] pleased with his outlook [illegible] in the district that he has acquired numerous other interests [illegible] same vicinity and all will be developed on a large scale.

STATE MINING

GILPIN COUNTY.

The working force at the O'Neill mine numbers about 60 men on the day and night shifts, all on the pay roll of the Colorado Ontario Gold Mining company. Sinking has been suspended for a while until the bottom or 666 foot drifts have been run a safe distance from the shaft but Superintendent Bowden says that he believes they will be able to resume sinking on or about July 1 as they contemplate continuing the shaft down until a depth of 1 000 feet is reached. When sinking was suspended there was a good crevice in the bottom. In fact the indications were much better than they have been for some time. Drifting and stoping are being carried on in the 308 and 464 foot levels where development work is progressing favorably. An upraise is being put through from the 308 west level and a winze is being sunk to connect with the 464 foot level for ventilation as well as exploration purposes. The main trend of the work is in the direction of development work notwithstanding which from 10 to 15 tons of ore daily are being taken out and treated at the mills besides a small percentage of iron. H C Eastman is manager of the property for the Canadian syndicate and he is ably assisted by H C Bowden.

Bobtail hill is quite an active mining center these days with such properties as the Cook Fisk O'Neill Carr Chicago Carr Puzzle Nemcha Dimp American Peck and Thomas and others working in full blast employing such a large number of miners and all helping to make up the general heavy tonnage of the camp.

For several years past the Puzzle property has been a consistent producer of milling concentrating and smelting ore and it is still keeping up its end in that line under the management of W H Tripp who has placed James LeBean in charge of the workings during the past week. An average force of about 15 men is steadily maintained and the daily shipments mean a tonnage of about 20 tons the product being at present concentrating and smelting ore. The former is treated in this county and Clear Creek and the latter goes direct to the Denver smelters. Some of the ore has recently given very satisfactory returns and we understand that the property is doing as well as usual.

Sinking has been commenced at the Chicago Carr mine on Bobtail hill with two shifts on a lift of 100 feet and this will make the shaft about 285 feet in depth when completed. The regular daily shipments of milling ore are being kept up. Bruce M Meyers is manager of this property.

The Penn Central Gold Mining company is making heavy shipments of concentrating ore to Idaho Springs by way of Virginia canon these days. The ore is being taken out of the Delaware Chief by leasers.—(Register Call.

BEAR CREEK DISTRICT

A section that helped to make the San Juan a quarter of a century ago and one that still takes its place among the prominent centers of ore deposits is the Bear Creek district. It would appear that this section is going to receive extra attention the present summer and some of the old time enthusiasm is to be bestowed upon its known bonanzas and its prospects. The Yellow Medicine is one of the oldest locations in this county and is at present being worked under lease by George Storms with every prospect of good returns for his labor.

The Bismuth and Blumers group consist of seven claims as one continuous vein 16 to 20 feet in width with a pay streak on both walls the group being owned by H C Snyder of Ouray and John Blumers of New York. These properties are situated on Bear Creek five miles from Ouray among them being the oldest locations in the entire San Juan. The owners have begun active operations on these properties new tracks and cars having been lately added and other improvements which will materially add to the developing of the property.

They have recently encountered in the workings a fine body of copper [illegible] ore which runs on an average 150 ounces in silver with 15 per cent copper. The drifting on the crosscut tunnel of the Bismuth at a distance of from 200 to 400 feet will gain in depth 10 feet for one and at a distance of 700 to 800 feet leave stoping ground of from 2 000 to 2 500 feet. The hillside here is very steep being nearly at an angle of 45 degrees.

The water power is excellent at the point of these claims as the forks of the creek come together. The property is well timbered throughout with native spruce. It is the intention of Messrs Snyder and Blumers to push this property to the front the coming season and no doubt will in the the near future [illegible].

Mr Snyder has been identified with the mining interests of the San Juan for the past 22 years.—(Ouray Herald.

SAN JUAN DISTRICT

Manager Benson of the Camp Bird is authority for the statement that the capacity of that fabulous producer has recently been increased from 150 to 225 tons per day. New machinery and boilers have been installed to meet the requirements of the increased capacity. About $125 000 will be expended for new equipment.

Some delay has been experienced through the recent machinists strike but the Allis company expects to meet the contract requirements on time.

There is not another mine in this district in which the people of Ouray have a more kindly interest. They rejoice in its prosperity because they have shared in its success. They are glad to see Mr Walsh succeed because success has not made him selfish. He has generously shared with this community the wealth he has taken from its store.—(Ouray Plaindealer.

D C Hamilton and L W Galloway, owners of the Copper Queen group of mines on Rock creek in the La Sal mountains, near Paradox have the machinery and fixtures at Placerville for the erection of a mill for the reduction of their ores. Their ore deals [illegible] is lixiviation the principal value carried by the ore being uranium although there are good values in copper. The Sunrise group in Paradox valley owned by these same parties, has been leased to Ouray parties who have already begun active operations. This section is rapidly developing into one of the most active and prosperous in southwestern Colorado.—(Telluride Journal.

SILVERTON DISTRICT

The new management of the North Star [illegible] [illegible] is [illegible] ing for an active season's work. The [illegible] [illegible] [illegible] able new machinery added.

A [illegible] [illegible] the [illegible] [illegible] has been [illegible] [illegible] is being cut in the tunnel in which an air compressor and a steam plant will be installed.

The Snowshoe group on Lookout mountain has been [illegible] [illegible] [illegible] [illegible] who will start a tunnel from the creek to undercut the principal vein of the group.

The Surprise adit which is being driven by the Sioux Mining and Milling company and is running from Pleasure gulch has attained a length of 400 feet and shows a breast of ore three or four feet in width which will average $8 to $ per ton and constitutes the concentrating material.

A rich strike is reported from the Growler. The ore contains brittle silver.

A half interest in the Smuggler claim in Cascade basin has been sold. This claim is an extension of the Anti Peri dolle vein.—(Ouray Plaindealer.

EASTERN MARKETS

New York June [illegible]—A [illegible] of the stock market which was quite marked at one time during the day diminished decidedly [illegible] [illegible] [illegible] W the [illegible] was first definitely established there was a notable falling away of the volume of business but there was resumption of activity before the close this time of a selling character. The close was very weak.

The progressive decline of the strength of the market is probably due to the completion of realizing of the profit on very heavy lines of stock. This profit taking was clearly in evidence all day every display of strength in individual stocks being taken advantage of to prosecute the selling elsewhere. Stocks which have shown greatest strength recently were most affected by the realizing. It was current report that much of the buying today and for some time past represented a covering of a very heavy line of shorts by a very heavy interest which went short last week. The sustained advance since is said to have driven them to cover at a large loss. The closing out of this bear account also received an important sustaining influence from the market and contributed to the vulnerable condition which invited renewed attack by new comers to the bear ranks.

The sharp advance scored by a number of insignificant low priced stocks during the earlier part of the day pointed clearly to manipulation in the interest of realizing process but there were also many notable points of strength developed in the market in high grade stocks. The most sensational upward movement was in Rock Island. The late spurt in that stock to 157¼ had a momentary influence in stiffening the list after it had touched the low point of the day but as soon as it was perceived that the Rock Island movement was without effect selling was resumed with redoubled force. The admission of new interest to the directory of the Rock Island was pretty clearly foreshadowed but the exact stock issue was an entire surprise to the talent. Rumors of a lease to the Union Pacific persisted and the admission to the directors of a member of the banking firm which represents the northern lines of Pacific railroads was regarded as suggestive of progress being made toward community of interests in that territory as a result of adjustment of the Northern Pacific quarrel. Atchison's extreme rise was 4¼. The story of Missouri Pacific's control of Southern Pacific and Denver & Rio Grande stocks was an influence in that group of stocks. Pennsylvania was affected by the published opinion of the president of the road on the good prospects of the coal export trade. The changes in Erie were taken as foreshadowing events in the change of officials. Amalgamated Copper suffered from the granting of a new injunction against its proposed absorptions. Advances of from 1 to 4 points in a number of low priced railroads and industrials were unexplained by any news.

Special to the Gazette.

Kansas City, Mo., June [illegible]—[illegible] pitched [illegible] this afternoon and [illegible] Blues fielded like world beaters [illegible] while Gaston was [illegible] different form and his support was scarcely deserving of the name. As a result the Colorado Springs team was not only beaten in its first game of the season [illegible] by the decisive score of [illegible] Weimer was thoroughly the master of the situation from first to last. [illegible] He let them down with [illegible] hits [illegible] one trip [illegible] and kept those [illegible] well scattered. [illegible] The nearest the Springs team came to scoring was in the sixth inning when Hemphill [illegible] to left with only one man out. [illegible] that one chance to escape [illegible] to score while [illegible] was throwing [illegible] at first. [illegible] a fast [illegible] play by cutting him at the plate. [illegible] in the fourth and [illegible] innings. Donahue started the [illegible] in the fourth by throwing the ball [illegible] the bleachers in trying [illegible] at first. This error let [illegible] runs and Hollingsworth's fumble was responsible for [illegible] Schaefer [illegible] the Blues [illegible] anything.

FACULTY VS. SENIORS TODAY

Greatest Contest in the History of Baseball Booked for Washburn Field

There will be a wonderful game of baseball this afternoon on Washburn field. The honorable members of the faculty of Colorado college are to meet the seniors in a nine-round go.

From the article of ball played by the faculty at practice yesterday afternoon there is every indication that the game will be interesting. The instructors have been getting into condition for the contest for three weeks and are as spry as 4 year-old colts just turned loose in a pasture. They say they are confident that someone will win the game.

The game will be called at 4 o'clock. The admission will be 10 cents and the proceeds will be devoted to [illegible] a present for the college.

An ambulance will be on the grounds with several physicians in attendance. [illegible] has not been arranged [illegible] every effort will be made to protect him from the wrath of the players. The teams will take the field as follows:

Faculty	Position	Seniors
Ward	C	Brest
Crampton	P	Griffith
Lancaster	1 B	Cl[illegible]
Stewart, P B	2 B	McLean
Shedd	3 B	Nash

EXCEPT THAT NO ONE WAS KILLED IN THE MELEE

Police Officer Chased a Thief on South Cascade Avenue and Got Into All Kinds of Trouble

Just that [illegible] as can of [illegible] state [illegible] there was trouble [illegible] Cascade avenue and Huerfano street at [illegible] o'clock last night [illegible] had all the earmarks of a Denver [illegible] shooting affray except that [illegible] so deadly. The ball did no [illegible] effect.

Police Officer Calvert [illegible] Ide [illegible] a man named Tell [illegible] and a man who had [illegible] in Oppenheim's clothing [illegible] were the principals in the affair and [illegible] general [illegible] a period of a minute [illegible]

A [illegible] clothing store and started away [illegible] Officer Calvert was near at hand and started in pursuit. The thief ran west on Huerfano street to Cascade and then south on Cascade. The officer was in hot pursuit and as he turned he [illegible] drew his pistol and called [illegible] looking for a good range he [illegible] pedestrians. The thief [illegible] a man who was walking down the avenue with two women and a moment later a shot rang out on the evening air. It was found [illegible] the woman [illegible] the officer who had fired [illegible] soon gave up the pursuit.

The trouble was not yet over. The man who had been accompanying the two women immediately took the officer to task for firing [illegible] He did not use any superfluity of words in doing so but instead picked the officer up [illegible] big hands and dashed him [illegible] upon the street [illegible] for plans. The officer started to arise [illegible] the spectators [illegible] was the recipient of a number of caresses more or less gentle that he had [illegible]

At this moment a man named Tell [illegible] of the Colorado Springs Transfer company appeared on the scene and took charge of the policeman's assailant [illegible] Butch Ide [illegible] well known [illegible] him while the officer squared accounts with his [illegible]

When the [illegible] had cleared away Tell had gone back to work and the officer was ready to resume his patrol while Ide had agreed to appear in police court this morning to tell what he knows of the affair and find out what the rest of the parties to it knew.

It developed later in the evening that one of the women with whom Ide had been walking, the one whose clothing was burned by the powder from the officer's pistol, was the wife of the officer. Some of the spectators said that the other woman was the wife of Ide and others said that her name was Finn.

Police Magistrate Boatwright will hold court in the big room this morning.

FOR OVER FIFTY YEARS
An Old and Well Tried Remedy

Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children [illegible] teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhea. Sold by druggists in every part of the world. Be sure and ask for Mrs. Winslow's Soothing Syrup AND TAKE NO OTHER KIND. Twenty Five Cents a Bottle.

WHITNEY'S HORSE WON THE DERBY

[illegible] William [illegible] Whitney's [illegible] won the derby [illegible] two minutes and [illegible] seconds [illegible] Volodyovski seemed to have the race well in hand and the [illegible] almost [illegible] and the horse [illegible] William the Third [illegible] with a rush challenged and for a moment seemed to be in front [illegible] the [illegible] regain the lead and [illegible] of a length.

The crowd [illegible] to be very enthusiastic and seldom has [illegible] cheering been heard for a winner of a derby. [illegible] Whitney [illegible] with delight [illegible] patting the animal's neck and looking [illegible] Good boy, good boy.

Mr. Whitney [illegible] to a representative of the Associated Press:

[illegible] I am [illegible] pleased and the only disappointment [illegible] owing to my father [illegible] being here to enjoy [illegible] I must say I thought [illegible] second horse was going to catch [illegible]

[illegible] Richard Croker [illegible] congratulated Mr. Whitney.

"Yes, we are going to take the trophy to America [illegible]" said Mr. Whitney as he went off to send a telegram to his [illegible]

[illegible] about the stand [illegible] Americans [illegible]

Most complete line of [illegible] in the city and best service in the rental line. The Waverley Cycle Co., [illegible] N. Tejon St.

How to Avoid Trouble

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints both for children and adults. No family can afford to be without it. For sale by all druggists.

BARBEE BUYS A HANDSOME RESIDENCE

H. H. Barbee has just bought the [illegible] property at No. [illegible] North Nevada avenue. The consideration was $[illegible]. The sale is reported by the Davis Realty company. It is said that Mr. Barbee will make the property his home.

CITY ENGINEER TO VISIT SEVEN LAKES

City Engineer E. W. Case is planning to leave in a day or two for the Seven Lakes region to prepare estimates and surveys for the information of the city council in regard to the proposed improvement of this district as a Colorado Springs reservoir site. A tunnel through a half mile of mountain and a dam 180 feet long will be necessary if the site is used and the engineer will prepare estimates showing the probable cost of the work.

He expects to be engaged for about two weeks in the preparation of these estimates.

Don't buy a chainless without seeing the Pierce cushion frame if you want the best. The Waverley Cycle Co.

Cornerstone Delay Does Not Retard Work

The cornerstone of the Y. M. C. A. building will not be laid until August 1st, the first day of the [illegible] the various [illegible] organizations [illegible] part in the [illegible] exercises are [illegible] for [illegible] have been [illegible] the [illegible]

The work on the building [illegible] delayed by the postponement of the [illegible] laying. The foundation will be completed and good progress will be made on other parts of the [illegible] a place will be [illegible] for the cornerstone.

W. H. Da[illegible] the secretary, will leave [illegible] for Boston to attend the international jubilee meeting.

BUTTONHOLE INTERVIEWS

Frank N. Briggs, the Victor [illegible] Phil. Brown [illegible] the Cripple Creek [illegible] and [illegible] Young of the Cripple Creek [illegible] were visitors in the city [illegible] yesterday. They have been in Denver and Colorado Springs on business connected with [illegible] Cripple Creek [illegible]

[illegible] Springs in the afternoon [illegible] until the eight [illegible]

"We are [illegible] is taking [illegible]" said Mr. Brown [illegible] talking [illegible]

[illegible]

[illegible] a great deal to [illegible] the [illegible] of the state as well as to [illegible]

[illegible] I have [illegible] book [illegible]

[illegible] William [illegible]

[illegible] ambulance.

GEORGE MASEY INJURED BY TERRIBLE FALL

A man named George Masey [illegible] of the [illegible] lumber company was the victim of an unfortunate accident yesterday. He was working [illegible] lumber about [illegible] feet [illegible] to the ground. He received [illegible] on the head and [illegible] He [illegible] to [illegible]

The accident occurred [illegible] o'clock in the morning.

WILL INSPECT CITY HALLS OF THE EAST

The city officials will start [illegible] east next Monday to look over [illegible] buildings in the [illegible] for the purpose of getting pointers [illegible] hall to be erected [illegible] Colorado Springs. Aldermen St. John and [illegible] will [illegible] to [illegible] the members of the [illegible]

Mr. St. John, who is chairman of the water committee [illegible] authorized [illegible] to attend a [illegible] in New York. Mr. [illegible] chairman of the public buildings and grounds committee and Mr. [illegible]

The eastern cities [illegible] All three will travel together. They will be gone about two weeks and will make a report of their observations [illegible] when they return.

CITY AND COUNTY FORM PEST HOUSE PARTNERSHIP

At the [illegible] conference held yesterday by the county commissioners [illegible] physician and city physician it is practically assured that a pest house will be maintained for the use of both the city and county. The commissioners will have charge of the institution and it will be maintained upon the basis of one third to be paid by the county and two thirds by the city.

MISS FARRIER VICTIM OF PECULIAR ACCIDENT

Miss Anna [illegible] Farrier, who is employed during the school year as a teacher in the Manitou schools, was the victim of a very singular and unfortunate if not dangerous accident late yesterday afternoon.

[illegible] to the tracks of the Rapid Transit company when a car on which there was a large number of workmen passed. As the car passed Miss Farrier one of the [illegible] lifted a shovel in some way so that it struck the lady upon the head. She was knocked to the ground and rendered unconscious. Dr. [illegible] was summoned and Miss Farrier was removed to her home.

It was not possible last evening to ascertain the exact extent of her injuries.

Bilious Colic Prevented

Take a double dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy as soon as the first indication of the disease appears and a threatened attack may be warded off. Hundreds of people use this remedy in that way with perfect success. For sale by all druggists.

DIED: John [illegible] aged 73 of 830 [illegible] yesterday morning after a very brief illness. He was taken with a stroke, the exact nature of which was [illegible] on Tuesday. He leaves a wife and two sons and two daughters. He has resided here about three years, having formerly lived in Texas. The funeral will take place tomorrow, the hour having not yet [illegible]

[illegible] WAY—The county commissioners have been asked to give the Colorado Springs & Suburban Railway [illegible] right of way over that [illegible] the county road [illegible]

The doctors told me my cough was incurable. One Minute Cough Cure made me a well man. Norris Silver, North Stratford, N. H.—Because you can't find relief from a stubborn cough, don't despair. One Minute Cough Cure has cured thousands and it will cure you. Safe and sure. Relieves at once. [illegible] Drug Co., C. L. Smith, [illegible] S. Tejon [illegible]

A COMMON ERROR.

The Same Mistake is Made by Many Colorado Springs People.

[illegible] common error [illegible]

To rub with liniment rheumatic joints.

When the trouble comes from the kidneys.

Doan's Kidney Pills cure all kidney ills.

And are indorsed by Colorado Springs citizens.

Mrs. H. C. Hughes, corner of Cascade and [illegible] says: "Doan's Kidney Pills helped me amazingly and I know they are a reliable remedy for the kidneys. [illegible] caught a cold which settled in the small of my back and in the kidneys and caused me so much pain I was quite miserable. Reading an advertisement in our paper about Doan's Kidney Pills I sent my son to Jones & [illegible] Drug store for a box. The treatment relieved me almost at once and up to date there has been no recurrence of the symptoms."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

Class Day accessories of all kinds, such as fans, hosiery, gloves and underwear at Kaufman's.

RHEUMATISM...

Read what Dr. Boyle, Pastor of the First Presbyterian church, says:

Dear Doctor Grover:

It affords me very great pleasure to testify that I have been completely relieved of an attack of rheumatism of three months' standing after five treatments in the Electro Thermatorium.

The benefits of such a fully equipped institution will ere long be fully appreciated in Colorado Springs.

W. H. W. BOYLE.

FAMOUS ARTIST VISITS THE CITY

Thomas Moran of New York a Guest at Briarhurst---Will Have Canvas In Antlers.

Thomas Moran of New York ... painter of international fame ... of the ... in the capitol in Washington ... of other public ... in this country and Europe ... the city en route from a ... to the Grand Canon of the ... Mr Moran was one of a ... of such well known art celebrities as George Innes Jr and George M Cord. The party went under the ... of Mr ... on one of the ... of the Santa Fe.

Mr Moran's magnificent painting of the canon was painted for the ... in 1875. Another large ... of Yellowstone park ... the year before. These paintings ... one of the halls of ...

"... is no scenery in the world to compare with that of the Grand ..." said Mr Moran ... at Briarhurst the country to ... In Asia or Africa from the ... of travelers from those ... I do not believe there are such ... scenic spots elsewhere on ...

We ... south the canon working all the time at sketches which we will develop later on. This region is the most primitive of any in the place of ... Mr Innes, whose fame as an artist rests chiefly on the fact that he is his father's son, will probably attempt to reproduce some of the canon. Mr McCord, who is probably one of the greatest landscape artists in this country, is also going to paint some views of the canon. Just as each man has his own way of expressing a definition of the same thing so each artist has his own individual way of expressing the same picture on his canvas.

"I have been at the Grand canon four times. The first was over ... years ago. I have observed the wonderful progress of the large cities in this western country but the smaller ... are ... The same ... characterizes all of them and the air of ... animates everything."

Mr Moran has several large canvas ... white elephants as he called ... studio. Several of these will probably be sent west to adorn the parlors of the Antlers hotel.

Mr Moran and his daughter Miss Ruth B Moran are guests of Dr and Miss Bell at Briarhurst. They will probably be here a week or more.

Our System Is Good But Could Be Better

... way of the transgressor is ... said to have been this way for many years and the care takers ... moral welfare of the world are ... laboring ... persons in ... to wrong doing ... will be so ... in the future. But ... true is it in Colorado Springs ... chairman of the committee of the city council ... in bringing about a ... of the rock pile as an in ... to righteous and industrious ...

The rock pile is in the backyard of ... and it affords entertainment for all ... of the city ... an average of about ... Some of the ... work slowly ... chairman of the committee expressed himself as entirely satisfied with the results that have been brought by the rock pile pastime for ... up to the present.

"... we could inaugurate a system as they have in England," said ... yesterday. "There is no loafing there. The men who work on the rock pile have to break ... certain amount of stone before each meal and the effect is to keep most of them at work where they get better pay. Each man is given a pile of rock and a hammer and a big screen. Under the screen there is a scale and he has to put enough rock through the screen to the scale before each meal. The authorities do not care how fast or how slow he works or how he gets the rock through the screen but before he hears the bell that calls him to dinner the scale has to indicate a certain amount of rock as having come through the screen. It is an excellent inducement to rock breaking. Sometimes however the men do not get hungry. They prefer going without anything to eat to breaking the rock that they are supposed to break. For this kind of men they have a different pastime that is provided. There is a treadmill on which they can spend a few hours if they don't want to break rock and by the time they have walked a few miles they generally are hungry enough to crop the proper amount of rock through the screen and get something to eat.

"Our system is good and is working well but it might be improved upon."

Laying of Water Main Extensions

The work of laying the water mains ... for by the city council in the ... ordinance passed February 25 will be started Monday under direction of Charles P Quinlan ... awarded the contract at the ... of the council Monday night ... work undertaken will be the ... to be put in at the ... addition on ... hill south of the central part of the city. There is no section of the city that ... come in for improvements ... the contract for the laying of these extensions. Likewise there is benefit ... City. The total length of the ... that are to be put in is more than 26,000 feet or about five miles. Mr Quinlan states that with conditions such as he believes he can count ... having he can complete the work ... Should there be no bad weather at all it may be that the work will be done in two months and should the weather be exceptionally unfavorable for the carrying on of trench work it may take a little longer than 60 days. If there is a great deal of wet weather it is impossible for the contractor to work as large a force as he can in good weather, the danger of caveins being a factor that he must guard against. A considerable amount of this extension work is to be done in soil that would be ... to cave-ins and if the work in those sections is on hand when wet weather ... more slowly than otherwise.

The people of all the outlying section of the city will watch the progress of this work with interest as its completion will advance real estate values in these sections of the city considerably.

The members of this committee will wear white duck caps with a ribbon on which is printed the word "Reception." Members of the ... committee will have the word "Committee" on their hats.

Miss Marcia Morgan Is Mrs. J. R. Talpey

Miss Marcia Morgan and J R ... Talpey of this city were married at St Stephen's church last night surrounded by all the traditional ... of a June wedding. It was the largest and most fashionable wedding of the season.

The church ... and decorations were ... effective ... a mass of white ... against a background of green. The chancel and altar were covered with fir feather like shrubbery and along the aisles and at the windows ... balls ... roses and other spring flowers ... banked.

Miss Morgan was attended by Miss Louise Hodge of Pueblo as maid of honor and the best man was Dr P H Perkins. J W Wright, Fred Stehr, William Blackmer and Dean Brooks of Brooklyn were ushers. Sherwood Aldrich, brother in law of the bride, gave her away.

Miss Morgan is a Brooklyn girl but has spent much time in Colorado Springs during the past three or four years. She is uncommonly pretty and her personal charm of manner has endeared her to a host of friends in this city. She is a sister of Mrs Sherwood Aldrich with whom she has made her home for over two years. Mr Talpey is a successful young mining broker.

The ceremony was performed according to the Episcopal ritual by Rev ... Stein. The choir sang the wedding march from Lohengrin preceding the ceremony.

Miss Morgan's gown was of white satin with an overdress of pleated ... appliqued with Duchesse lace. The veil was of tulle edged with Duchess lace ... held in place with a diamond clasp which has the additional interest of having been presented to her by Mr Talpey. She carried a bouquet of white roses.

Miss Hodge wore a handsome gown of white silk mull over pink taffeta. It was trimmed with bands of linen lace. The bouquet was bridesmaid's roses.

After the church service a reception was held at the home of Mr and Mrs Aldrich. The same color effect was carried out here as at the church.

Mr and Mrs Talpey left later in the evening on a six weeks trip to the east. On their return they will occupy the Aldrich residence on East Columbia ...

Antlers to Have a Palatial Barber Shop

Mr Ernest J Bieter, ... was for ... years the proprietor of the barber shop in the old Antlers hotel and who has for some time past been manager of the ... at the Alta Vista, has secured a ... lease of the barber shop at the new Antlers.

The shop will be one of the most elaborately finished ... in the western part of the country. It is to be located in the south ... of the building and ... the ... There will be an entrance from that side of the building and another from the ... The fixtures that are to be installed will be of the most modern design and improved pattern. He will also introduce several novel features which are essential to the equipment of an up to date barber shop. For the present the arrangements are for three chairs and two likely appointed bath rooms will be run in connection with the establishment.

Patrons of the hotel will find the shop the equal of any in the country ... as soon as the hotel is opened.

MRS. DUNCAN WAS ADJUDGED INSANE

Mrs Sarah M Duncan, the unfortunate woman who was taken into custody by the police at her home on East St Vrain street Tuesday night was adjudged insane in the county court yesterday. Judge Hubbard ordered her taken to ... Works sanitarium at Pueblo ... until she is cured or there is ... for her in the state asylum for the insane.

Mrs Duncan has seven children. She has been ... for some time.

In the case of Mary E Middaugh vs ... the county court judgment was given for the plaintiffs by default.

The case of Burle ... vs Hackley was dismissed on the motion of the plaintiff.

In the district court the case of Ward vs Jennings an appeal was filed.

A suit entitled J P Barnes vs Louis De Steigner and Cora D Steigner was filed in the county court. It is a money demand ... to recover $5 alleged to be due as the price of a buggy.

ELKS PLAN FOR THE MILWAUKEE TRIP

Although the great Elks' lodge at Milwaukee is six weeks off the Colorado members of the order are making extensive preparations for their trip to that city. A committee of Elks from the different lodges in the state is in charge of the ...

Colorado Springs will be well represented in the number of Elks who will go to Milwaukee from this state. The delegates from this city will go to Denver about July 20 or 21 where they will join the members from the other Colorado lodges and all will go to Milwaukee on a special train. The Colorado Midland band will accompany the local Elks.

The members of the Colorado delegation will wear attractive uniforms. They will be attired in suits with khaki coats, white duck trousers, purple negligee shirts, white high hats with purple bands and white shoes. They will carry white umbrellas.

The occasion of the celebration is the meeting of the grand lodge of the order. The city of Milwaukee has appropriated $5,000 to help entertain the visitors.

PEREGRINO TO HAVE A HEARING TODAY

Francis J Peregrino who came to this city about a month ago and announced that he was studying the conditions of the colored people in America and who afterwards skipped out with money and valuables belonging to newly found acquaintances will have a hearing today before Justice Ruby. The police have recovered a watch which Peregrino is charged with having stolen from Paul Bernard.

The case of the people against Asa Baumgartner charged with having stolen a horse was dismissed yesterday by Justice Ruby. Other cases were disposed of as follows:

Nettie Twigood vs Charles Wiley, set for June 10.

M S Hawk vs H L Shirer, June ...

People vs H H ... charged to ...

Not Preachers But Grocers

We are not PREACHERS but GROCERS

THERE are other men of more ability in that line than we can boast of who do the preaching. Our business is to sell GROCERIES. On the subject of Groceries however we could preach you a pretty good sermon. One reason for this is that the kind of Groceries we sell will bear preaching about. But we are not going to ... We just want to talk plain hard business. In this connection will say that we are in a position to serve you exceptionally well in the matter of Groceries having ... years of experience has given us advantage over competitors in the matter of buying and the firm that buys best can always sell best. We have been thus enabled to make lower prices than others for the same quality of goods ... the quality we handle is the VERY BEST. Would be pleased to have a personal interview with you.

PROGRESS OF WORK ON MARY CASHEN

The shaft which the company is sinking on the Mary Cashen property adjoining the Gold Coin property has attained a depth of 60 feet from the surface but no stop will be made until the ... foot level is reached where a drift will be sent out for the vein which ... down to the ... foot point was barren in Mary Cashen workings. It is thought that an ore shoot will be opened at depth as the location of the property is ... A winze is being sunk from the 500 foot level to connect with the Gold Coin workings about 20 feet below. This will give good ventilation to that portion of both properties. The capitalization of the Mary Cashen company was recently raised to $1,000,000 to permit this work to be prosecuted.

BIG SALE OF BEACON HILL PROPERTY

A sale of 25 acres of ground on the ... Beacon Hill is now pending and is expected to go through in a few days on a basis of $100,000 for the claims. The property is located somewhat outside of the recognized mineral belt but some very good indications of ore have been obtained and there are producing mines within a short distance. It is likely that a stock company will be formed after the deal has been made and the property actively developed. Beacon Hill has been attracting great attention lately because of the number of its shippers and the good showing in many of its mines and it seems reasonable to suppose that the mineral zone in this part of the camp may be extended even farther than it now is. It was not so long ago that the east slope of Beacon Hill was considered ...

CYCLE DIVIDEND WILL BE PAID MONTHLY

The ... authority for the statement made yesterday that the Golden Cycle company will pay a quarterly dividend beginning next month evidently was unaware of the feelings of the other directors who ... that the distribution of $15,000 will be made monthly instead of $45,000 quarterly. The production of the mine for May ... slightly over 2,100 tons ... the ... which would make the gross output ... $2,000 ... this about ... tons of ore was broken down and is lying in the ... ready for shipment ... During this month ... about 1,500 tons of ore will be broken down ... the reserve begun last month. This work is being done in the ... level ... the ... has ... width of ... feet.

WHAT CAUSES DANDRUFF

THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs June 5—The market today was very light and prices were disposed to be off fractionally. The demand for stocks seems to have withdrawn to some extent but the very light trading attests the unwillingness of holders to sell out on any break. It may seem strange that when the Portland matter has been definitely settled the market should be weaker than it was while the uncertainty of the outcome was at its height but the temper of the market seems to be in direct opposition to all the traditions of stock trading and no one can say that it will either advance or decline because conditions are favorable or unfavorable because it seems to have no connection with any conditions but ambles up and down at its own sweet will. Nevertheless the condition of Cripple Creek is so satisfactory that a good advance is inevitable some time in the coming weeks and it is the opinion of the brokers that no mistake in buying the better class of stocks now, and the activity in the preferred prospects list signifies that their advance is being heeded to an appreciable extent.

The market upon the afternoon call with the exception of the trading in Gold Dollar and Eclipse was dull and inactive. In the mines Gold Dollar was the strongest and most active stock. It opened by the sale of 30,000 shares at 17 and sold up to 17⅛ at the close. A J was weaker at 17. Anaconda was [illegible] and Doctor inactive at 74 seller 30. Elkton at $1.75½ and Mollie Gibson at 35½ were strong, while Jack Pot at 47½ and Pointer at 11¾ were weaker. Isabella sold at 62. In the preferred prospects Eclipse was the center of attraction, 72,000 shares changing hands. It opened at 15½ buyers option and sold down to 14⅝ but closed stronger at 14¾. [illegible] C C Col sold at 15½, Gold Bond at 9 and Hart at 10. In the prospects only six stocks were traded in. In the unclassified department only eight stocks [illegible] Dorothy was 17⅛, Gold King 11¼, Shannon 2 and Zoe closed at 4¼.

The total amount of the sales for the day were 416,918 shares, for which the cash value was $5[illegible]580.

LA CALARA GROUP

Satisfactory Reports Received by R C Bogy Concerning the Property Lately Secured by Him in Old Mexico

Mr Ramsay C Bogy has just received the best news he has had from the [illegible] he invested in that country some months ago. Mr Bogy [illegible] property known as La Calara group in the state of Sonora [illegible] purchase being made only after several favorable reports were made upon the property. The final report which caused Mr Bogy to decide to purchase was made by Prof A F Wuensch one of the best known mining engineers in the west. Mr Wuensch visited the property several times in Mr Bogy's interest and finally after many tests decided that the property would undoubtedly pay, and from [illegible] a figure of the ore on a basis of $20 per ton. He also stated that while this would be a good paying [illegible] the ore would increase in value as depth was attained. Immediately after the property changed hands vigorous development work was started and has been carried forward steadily ever since. About 1000 feet of work has been done on various portions of the group but mostly on the main work [illegible] of the Calara. This work has practically all been done on the vein and has fully verified the predictions of Professor Wuensch. Some time after [illegible] depth had been attained and average assays from the deepest portion of the property showed values of about five ounces per ton in gold or over three times the value that Professor Wuensch had originally estimated. A few weeks ago Professor Wuensch again [illegible] for the property and [illegible] has been there most of the time since. He made thorough tests and sent samples to Mr Henry Wood the well known Denver assayer the results of these samples have recently reached Mr Bogy and show most encouragingly. The sample from the deepest workings shows an average value of over 10 ounces of gold per ton or almost eight times the value that Professor Wuensch thought would be good pay. Professor Wuensch also reports that development work has progressed most satisfactorily and of course enormous ore bodies have been opened up besides which a great deal of ore is piled up on the dump, for although no effort has been made at production it has been impossible to avoid extracting some ore in the development work. It is probable that a mill and concentration plant will be installed very soon. Before Mr Bogy purchased the property it had been worked for generations frequently paying good profits with the aid of the old fashioned arastre. Mr Bogy was [illegible] pleased [illegible] the district that he has acquired numerous other interests [illegible] vicinity and all will be developed on a large scale.

STATE MINING

GILPIN COUNTY.

The working force at the O'Neill mine numbers about 60 men on the day and night shifts, all on the pay roll of the Colorado Ontario Gold Mining company. Sinking has been suspended for a while until the bottom or 600 foot drifts have been run a safe distance from the shaft but Superintendent Bowden says that he believes they will be able to resume sinking on or about July 1 as they contemplate continuing the shaft down until a depth of 1,000 feet is reached. When sinking was suspended there was a good crevice in the bottom. In fact the indications were much better than they have been for some time. Drifting and stoping are being carried on in the 308 and 464 foot levels where development work is progressing favorably. An upraise is being put through from the 308 west level and a winze is being sunk to connect with the 464 foot level for ventilation as well as exploration purposes. The main trend of the work is in the direction of development work notwithstanding which from 10 to 15 tons of ore daily are being taken out and treated at the mills besides a small percentage of iron. H C Eastman is manager of the property for the Canadian syndicate and he is ably assisted by H C Bowden.

Bobtail hill is quite an active mining center these days with such properties as the Cook, Fisk, O'Neill, Carr, Chicago Carr, Puzzle, Nemcha, Dump, American, Peck and Thomas and others working in full blast employing such a large number of miners and all helping to make up the general heavy tonnage of the camp.

For several years past the Puzzle property has been a consistent producer of milling concentrating and smelting ore and it is still keeping up its end in that line under the management of W H Tripp who has placed James LeBean in charge of the workings during the past week. An average force of about 15 men is steadily maintained and the daily shipments mean a tonnage of about 20 tons the product being at present concentrating and smelting ore. The former is treated in this county and Clear Creek and the latter goes direct to the Denver smelters. Some of the ore has recently given very satisfactory returns and we understand that the property is doing as well as usual.

Sinking has been commenced at the Chicago Carr mine on Bobtail hill with two shifts on a lift of 100 feet and this will make the shaft about 285 feet in depth when completed. The regular daily shipments of milling ore are being kept up. Bruce M Meyers is manager of this property.

The Penn Central Gold Mining company is making heavy shipments of concentrating ore to Idaho Springs by way of Virginia canon these days. The ore is being taken out of the Delaware Chief by leasers.—(Register Call.

BEAR CREEK DISTRICT

A section that helped to make the San Juan a quarter of a century ago and one that still takes its place among the prominent centers of ore deposits is the Bear Creek district. It would appear that this section is going to receive extra attention the present summer and some of the old time enthusiasm is to be bestowed upon its known bonanzas and its prospects. The Yellow Medicine is one of the oldest locations in this county and is at present being worked under lease by George Storms with every prospect of good returns for his labor.

The Bismuth and Blumers group consist of seven claims on one continuous vein 16 to 20 feet in width with a pay streak on both walls, the group being owned by H C Snyder of Ouray and John Blumers of New York. These properties are situated on Bear Creek five miles from Ouray among them being the oldest locations in the entire San Juan. The owners have begun active operations on these properties, new tracks and cars having been lately added and other improvements which will materially add to the developing of the property.

They have recently encountered in the workings a fine body of copper and ore which runs on an average 150 ounces in silver with 15 per cent copper. The drifting on the crosscut tunnel of the Bismuth at a distance of from 200 to 400 feet will gain in depth 10 feet for one and at a distance of 700 to 800 feet leave stoping ground of from 2,000 to 2,500 feet. The hillside here is very steep being nearly at an angle of 45 degrees.

The water power is excellent at the point of these claims as the forks of the creek come together. The property is well timbered throughout [illegible] Messrs Snyder and Blumers to push this property to the front the coming season and no doubt will in the [illegible] Mr Snyder has been identified with the mining interests of the San Juan for the past 22 years.—(Ouray Herald.

SAN JUAN DISTRICT

Manager Benson of the Camp Bird is authority for the statement that the capacity of that fabulous producer has recently been increased from 150 to 225 tons per day. New machinery and boilers have been installed to meet the requirements of the increased capacity. About $125,000 will be expended for new equipment.

Some delay has been experienced through the recent machinists strike but the Allis company expects to meet the contract requirements on time.

There is not another mine in this district in which the people of Ouray have a more kindly interest. They rejoice in its prosperity because they have shared in its success. They are glad to see Mr Walsh succeed because success has not made him selfish. He has generously shared with this community the wealth he has taken from its store.—(Ouray Plaindealer.

D C Hamilton and L W Galloway, owners of the Copper Queen group of mines on Rock creek in the La Sal mountains, near Paradox have the machinery and fixtures at Placerville for the erection of a mill for the reduction of their ores. The [illegible] is lixiviation the principal value carried by the ore being uranium although there are good values in copper. The Sunrise group in Paradox valley owned by these same parties, has been leased to Ouray parties who have already begun active operations. This section is rapidly developing into one of the most active and prosperous in southwestern Colorado.—(Telluride Journal.

SILVERTON DISTRICT

The new management of the North Star [illegible] is getting for an active season's work. The [illegible] able new machinery added.

A [illegible] the [illegible] has been [illegible] is being cut in the tunnel in which an air compressor and a steam plant will be installed.

The Snowshoe group on Lookout mountain has been [illegible] to James [illegible] who will start a tunnel from the creek to the principal vein of the group.

The Surprise adit which is being driven by the Sioux Mining and Milling company and is running from Pleasure gulch has attained a length of 400 feet and shows a breast of ore three or four feet in width, which will average $8 to $[illegible] per ton and constitutes the concentrating material.

A rich strike is reported from the Growler. The ore contains brittle silver.

A half interest in the Smuggler claim in Cascade basin has been sold. This claim is an extension of the Anti-Periodic vein.—(Ouray Plaindealer.

EASTERN MARKETS

New York June 5—A [illegible] of the stock market which was quite marked at one time during the day diminished decidedly [illegible] the [illegible] was first definitely established there was a notable falling away of the volume of business but there was resumption of activity before the close this time of a selling character. The close was very weak.

The progressive decline of the strength of the market is probably due to the completion of realizing of the profit on very heavy lines of stocks. This profit taking was clearly in evidence all day every display of strength in individual stocks being taken advantage of to prosecute the selling elsewhere. Stocks which have shown greatest strength recently were most affected by the realizing. It was current report that much of the buying today and for some time past represented a covering of a very heavy line of shorts by a very heavy interest which went short last week. The sustained advance since is said to have driven them to cover at a large loss. The closing out of this bear account also received an important sustaining influence from the market and contributed to the vulnerable condition which invited renewed attack by new comers to the bear ranks.

The sharp advance scored in a number of insignificant low priced stocks during the earlier part of the day pointed clearly to manipulation in the interest of realizing process but there were also many notable points of strength developed in the market in high grade stocks. The most sensational upward movement was in Rock Island. The late spurt in that stock to 157¼ had a momentary influence in stiffening the list after it had touched the low point of the day but as soon as it was perceived that the Rock Island movement was without effect selling was resumed with redoubled force. The admission of a [illegible] interest to the directory of the Rock Island was pretty clearly foreshadowed but the exact stock issue was an entire surprise to the talent. Rumors of a lease to the Union Pacific persisted and the admission to the directors of a member of the banking firm which represents the northern lines of Pacific railroads was regarded as suggestive of progress being made toward community of interests in that territory as a result of adjustment of the Northern Pacific quarrel. Atchison's extreme rise was 4¼. The story of Missouri Pacific's control of Southern Pacific and Denver & Rio Grande stocks was an influence in that group of stocks. Pennsylvania was affected by the published opinion of the president of the road on the good prospects of the coal export trade. The charges in Erie were taken as foreshadowing events in the change of officials. Amalgamated Copper suffered from the granting of a new injunction against its proposed absorptions. Advances of from 1 to 4 points in a number of low priced railroads and industrials were unexplained by any news.

FACULTY VS. SENIORS TODAY

Greatest Contest in the History of Baseball Booked for Washburn Field

There will be a wonderful game of baseball this afternoon on Washburn field. The honorable members of the faculty of Colorado college are to meet the seniors in a nine-inning go.

From the article of ball played by the faculty at practice yesterday afternoon there is every indication that the game will be interesting. The instructors have been getting into condition for the contest for three weeks and are as spry as 4-year-old colts just turned loose in a pasture. They say they are confident that some one will win the game.

The game will be called at 4 o'clock. The admission will be 10 cents and the proceeds will be devoted to [illegible] expenses for the college.

An ambulance will be on the grounds with several physicians in attendance. [illegible] has not been arranged but every effort will be made to protect him from the wrath of the players. The teams will take the field as follows:

Faculty	Position	Seniors
Ward	C	Brest
Crampton	P	Griffith
Lancaster	1 B	Cl[illegible]
Stewart P. B.	2 B	McLean
Shedd	3 B	Nash
Slocum and		
Bowers	S S	Hoyne
Noyes	L F	Lariee

Police Officer Chased a Thief on South Cascade Avenue and Got Into All Kinds of Trouble

Just [illegible] the [illegible] there was trouble [illegible] Cascade avenue and Huerfano street at [illegible] o'clock last night [illegible] had all the earmarks of a Denver [illegible] shooting affray except that [illegible] no deaths. The ball [illegible]

Police Officer Calvert [illegible] Ide [illegible] a man who had [illegible] Oppenheimer's clothing [illegible] the principals in the affair [illegible] general [illegible] a period of a minute [illegible]

A man [illegible] from Oppenheimer's clothing store and started away [illegible] Officer Calvert was near at hand and started in pursuit. The thief ran west on Huerfano street to Cascade and then south on Cascade. The officer was in hot pursuit and as he turned the corner he drew his pistol and called [illegible] the thief to stop. In the mean time looking for a good range he [illegible] pedestrians. The thief [illegible] around a man who was walking down the avenue with two women and a moment later a shot rang out on the evening air. It was fired [illegible] such close proximity to the woman that it [illegible] her [illegible] The officer who had fired [illegible] soon gave up the pursuit.

The trouble was not yet over, however. The man who had been accompanying the two women immediately took the officer to task for firing [illegible] He did not use any superfluity of words in doing so but instead picked the officer up [illegible] his big hands and dashed him bodily upon the street as though he had been six feet of two-by-four plank. The officer started to arise [illegible] affray [illegible] but before he could do so he was the recipient of a number of caresses more or less gentle that he had either asked for nor desired.

At this moment a man named Tell [illegible] of the Colorado Springs Transfer company appeared on the scene and took charge of the policeman's assailant who proved to be Butch Ide, [illegible] known butcher of [illegible] him while the officer squared accounts with his [illegible]

When the man had cleared away Tell had gone back to work and the officer was ready to resume his patrol while Ide had agreed to appear in police court this morning to tell what he knows of the affair and find out what the rest of the parties to it know.

It developed later in the evening that one of the women with whom Ide had been walking, the one whose clothing was burned by the powder from the officer's pistol, was the wife of the officer. Some of the spectators said that the other woman was the wife of Ide and others said that her name was Finn.

Police Magistrate Boatwright will hold court in the big room this morning.

GEORGE MASEY INJURED BY TERRIBLE FALL

A man named George Masey, [illegible] of the [illegible] lumber company, was the victim of an unfortunate accident yesterday. He was working [illegible] lumber about 20 feet [illegible] and [illegible] the ground. He received [illegible] on the head and [illegible] He [illegible]

The [illegible] occurred [illegible] o'clock in the morning.

WILL INSPECT CITY HALLS OF THE EAST

Three [illegible] officials will start [illegible] next Monday to look over [illegible] buildings in the [illegible] for the purpose of getting pointers [illegible] hall to be erected [illegible] Colorado Springs. Aldermen St. John and M[illegible] and [illegible] the members of the [illegible]

Mr. St. John, who is chairman of the water committee [illegible] authorized [illegible] to attend a [illegible] in New York. Mr. M[illegible] is chairman of the public buildings and grounds committee and Mr. [illegible] The inspect eastern cities [illegible] All three will travel together. They will be gone about two weeks and will make a report of their observations [illegible] when they return.

CITY AND COUNTY FORM PEST HOUSE PARTNERSHIP

[illegible] the [illegible] conference held yesterday by the county commissioners, [illegible] physician and city physician, it is practically assured that a pest house will be maintained for the use of both the city and county. The commissioners will have charge of the institution and it will be maintained upon the basis of one third to be paid by the county and two thirds by the city.

MISS FARRIER VICTIM OF PECULIAR ACCIDENT

Miss Anna [illegible] Farrier, who is employed during the school year as a teacher in the Manitou schools, was the victim of a very singular and [illegible] if not dangerous accident late yesterday afternoon.

[illegible] to the tracks of the Rapid Transit company when a car on which there was a large number of workmen passed. As the car passed Miss Farrier one of the [illegible] lifted a shovel in some way so that it struck the lady upon the head. She was knocked to the ground and rendered unconscious. Dr. [illegible] was summoned and Miss Farrier was removed to her home.

It was not possible last evening to ascertain the exact extent of her injuries.

Bilious Colic Prevented

Take a double dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy as soon as the first indication of the disease appears and a threatened attack may be warded off. Hundreds of people [illegible] to attacks of bilious colic use the remedy in this [illegible] with perfect success. For sale by all druggists.

DIED. John [illegible] aged 73 of 832 [illegible] morning after a very brief illness. He was taken with a stroke, the exact nature of which was [illegible] on Tuesday. He leaves a wife and two sons and two daughters. He has resided here about three years, having formerly lived in Texas. The funeral will take place tomorrow, the [illegible] having not yet [illegible]

[illegible] WAY—The county commissioners have been asked to give the Colorado Springs & Suburban Railway [illegible] right of way over the [illegible] county road [illegible] street [illegible]

The doctors told me [illegible] cough was [illegible] One Minute Cough Cure made me a well man. Norris Silver, North Stratford, N. H.—Because you [illegible] relief from a stubborn cough don't despair. One Minute Cough Cure has cured thousands [illegible] It will cure you. Safe and sure. Hefley, [illegible] Drug Co., C. E. Smith, 113 S. Tejon.

A COMMON ERROR.

The Same Mistake is Made by Many Colorado Springs People

[illegible] common error [illegible] To rub with liniment rheumatic [illegible]

When the trouble comes from the kidneys.

Doan's Kidney Pills cure all kidney ills.

[illegible] endorsed by Colorado Springs citizens.

Mrs. H. C. Hughes, corner of Cascade [illegible] says: "Doan's Kidney Pills helped me amazingly and I know they are a reliable remedy for the kidneys. [illegible] caught a cold which settled in the small of my back and in the kidneys and caused me so much pain I was quite miserable. Reading an advertisement in our paper about Doan's Kidney Pills I sent my son to Jones & Wellington's Drug store for a box. The treatment relieved me almost at once and up to date there has been no recurrence of the symptoms."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

Class Day accessories of all kinds such as gloves, hosiery, gloves and underwear at Kaufman's.

RHEUMATISM...

Read what Dr. Boyle, Pastor of the First Presbyterian church, says:

Dear Doctor Grover:

It affords me very great pleasure to testify that I have been completely relieved of an attack of rheumatism of three months' standing after five treatments in the Electro Thermatorium.

The benefits of such a fully equipped institution will ere long be fully appreciated in Colorado Springs.

W. H. W. BOYLE.

TOURAINE DIVIDEND PAID TODAY

There Has Been Some Delay, but the Checks Will be Ready This Morning---Total Amount of the Distribution is $8,618.75

The Touraine dividend will be ready [illegible] few days. [illegible] stockholders who [illegible] their certificates [illegible] the International Trust company [illegible] and thereafter will receive the dividend of [illegible] per 100 shares. As this [illegible] in when the dividend is paid.

The [illegible] capital [illegible] company [illegible] 118 [illegible] shares, which makes the amount of the dividend $8,618.75. With the [illegible] which was paid last year the company has distributed a total of [illegible] from the proceeds of the [illegible] of its property to the Stratton.

THE REASON ECLIPSE DECLINED

Due to Talk of a Possible Apex Suit With the Ophir Company - No Possibility for the Carbonate Queen to Apex the Eclipse Vein

[illegible] has been wondering why the [illegible] Eclipse shares has been steadily [illegible] the past few days. [illegible] from the mine have been of a [illegible] satisfactory nature [illegible] Then came the drop [illegible] fell back to [illegible] a week.

The [illegible] Ophir company [illegible] the Eclipse company [illegible] So far as the Gazette is able to learn [illegible] seems to have had its effect on this [illegible] the market [illegible] the same. [illegible]

[illegible] at a glance the possibility of an apex is apparent. But there is nothing on the earth in this case [illegible] even a probability.

The ore bodies which have been opened up in the tunnel and shaft [illegible] the Eclipse claim and will [illegible] parallel to the Carbonate Queen. [illegible] is very that all the talk has been about [illegible] it was said the Carbonate Queen might apex. But it does not do so in any particular as the ore bodies have been opened up [illegible] surface and it shows very clearly [illegible] the apex of this vein is not within [illegible] feet of [illegible] Queen [illegible] line and dips away from the latter [illegible] Nothing could be more [illegible] and it should settle the question for all time [illegible] working [illegible] the vein one can look through to the surface [illegible] that the dip and apex [illegible] is clearly established.

An officer of the Ophir company [illegible] seen by [illegible] Gazette reporter [illegible] but he declined to discuss [illegible] corporation.

WORK WILL START ON IDA MAY

Lessees Are Already Working but the Company Will Take Charge of a Portion of the Ground

The [illegible] of the Ida May company have just [illegible] to begin work on the [illegible] Raven hill property [illegible] which has been [illegible] lessees have been [illegible] of the ground [illegible] by lessees [illegible]

[illegible] The [illegible] capitalization of the company from [illegible] to [illegible] treasury stock [illegible] untouched and [illegible] necessary to draw upon [illegible] to take the work which is contemplated [illegible] here [illegible] ready [illegible]

The [illegible] time ago and the [illegible] the claim [illegible] to dispose of any of the treasury [illegible] good price [illegible]

[illegible] under way as the capitalization is at [illegible]

SEDAN APEX ABOUT PROVEN

Case Can be Called at Any Time Now---The Vein is Opened at the North Line and Ready to be Opened at the South

The [illegible] the Sedan [illegible] can be called up [illegible] The vein has been opened from the prospecting shaft on the north end and [illegible] to the surface showing that the apex [illegible] to the surface [illegible]

[illegible] as to the apex of the vein.

[illegible] question is finally decided [illegible] will be started again by the lessee and probably by the company as well. The showing in [illegible] feet [illegible] and the strength of the [illegible] this level [illegible] There is a [illegible] operations have been [illegible] the decision of the apex question.

All those [illegible] interested in the Sedan [illegible] the resumption of [illegible] on the Sedan, as the future of the [illegible] to a large extent depends [illegible] the shipment record [illegible] will be able to make.

THE PORTLAND DEAL

Special to the Gazette.

[illegible] June [illegible] The announcement that the Portland [illegible] will be open and running at full force by the latter part of the week [illegible] to have the interests of the [illegible] the business men who have [illegible] monthly payroll amounting to about [illegible]

[illegible] have been [illegible] dull and the Portland [illegible] is probably accountable [illegible]

It is [illegible] a great deal of conjecture as to whether Mr. Decamp will be installed as superintendent [illegible] It is generally credited that the [illegible] Mr. Decamp is closely associated with the new purchasers, [illegible] He was formerly superintendent of the [illegible]

It has been rumored [illegible] a deal for the [illegible] Portland property [illegible] examination [illegible] the property [illegible] shares took [illegible] on account of [illegible]

[illegible] reports of the condition of the mine. The London people who are [illegible] to be [illegible] for the property [illegible] this reason preferring to await further developments in the Independence [illegible] Stratton's Independence has [illegible] of John Hays Hammond [illegible] charge of affairs [illegible] year. It is also said that Mr. Bradley made the statement to personal friends to the effect that the mine might be sold within three or four months. The [illegible] Portland does not seem sufficient explanation for a suspension of operations of the property on account of the insignificance of the demands made by the committee of the miners union. It is rumored that [illegible] and company desired to [illegible] the union in this particular case on account of a fear of the prospective purchasers [illegible] It is stated [illegible] authority that a company [illegible] for the Portland company's property was [illegible] London last Friday and that the price asked for the bonanza is [illegible] Mr. Burns has several times stated [illegible] the Portland [illegible] on the market at [illegible] It is probable that on starting up the management and [illegible] of the mine will have undergone a change from that in effect before the work was stopped on the 1st of May.

ORE IN PINNACLE JUNIOR

Within the past few days the work which the Pinnacle Junior company [illegible] school section ground has resulted in a discovery of considerable encouragement to the operators. In a shaft [illegible] a narrow streak of ore was opened in a good looking [illegible] from which an assay has just been obtained showing values of about $18 in gold to the ton. The streak [illegible] be followed [illegible] in the hope that it will widen out into a pay ore shoot.

Several very good showings have been obtained within the last few weeks on different portions of the school section and there are extremely good indications that with depths some good ore should be opened up. It is thought among prospectors that there is no more [illegible] fresh ground to work over than this portion of the camp.

The Pinnacle Junior [illegible] operations and gets its name from [illegible] to the property of the Pinnacle company. The company is [illegible] work and has a treasury [illegible] which will permit it to be continued for a good time. On the Pinnacle property the showing is very favorable [illegible] lessees being in ore and shipments have been sent out quite regularly for some time.

CRIPPLE CREEK MINING NEWS

Special to the Gazette.

Cripple Creek, June [illegible] —Lessee [illegible] Goddard who recently acquired the Wrockloff block of the Burns [illegible] of the Acacia company [illegible] block No. 1 of the Pharmacist, intends to do considerable prospecting in both properties at the bottom level, 600 feet below the surface, and will open up considerable ground which has so far not been entered at that depth. Work on ore will be begun [illegible] the 600-foot level [illegible] Pharmacist [illegible] 200 foot depth of the Burns [illegible] is to be continued in the new working shaft which was started by Wrockloff [illegible] the Pharmacist, and an upraise from the 600-foot level will meet [illegible] at a depth of about [illegible] feet. Until the new shaft is finished the regular work will be conducted through the old shaft [illegible] the Burns. The lessee will have a good new working shaft ready at about the time his lease is to be extended.

[illegible] leasing a block of the Jack Rabbit north of the Pharmacist [illegible] expects to catch a good [illegible] they [illegible] will probably be [illegible] other [illegible]

[illegible] ground is being broken on the [illegible] for the [illegible] house [illegible] will be [illegible] in July.

The [illegible] from out of the lower [illegible] of the [illegible] has been suspended owing to the failure [illegible] make [illegible] terms [illegible] The [illegible] company will [illegible] the [illegible] the ventilation of both [illegible] will be greatly improved on the completion of the work.

The [illegible] company has made a good strike [illegible] the shaft [illegible] a 10 inch streak of ore has been [illegible] values [illegible] silver [illegible] of lead and copper. The [illegible] the same [illegible] that [illegible] pay in the [illegible] When [illegible] to [illegible] expected [illegible]

MINING NOTES AROUND TOWN

The [illegible] of [illegible] Gun [illegible] hill [illegible] has [illegible] made a connection for air by an upraise from the [illegible] shaft which was down 110 feet. Now that the ventilation is complete in these workings a much larger force of men can be put to work [illegible] in [illegible] will be put [illegible] The mine has been making a good [illegible] The [illegible] will [illegible] shows a grade of good value and the [illegible] the [illegible]

MORNING [illegible] SHAFT HAS NOW BEEN UNWATERED

The [illegible] which was put down by the [illegible] Mining and Leasing [illegible] York property and through [illegible] the Doctor-Jack Pot ground [illegible] being operated, has been [illegible] to the [illegible] foot level and a drift is to be started at once [illegible] extension of the Doctor [illegible] which will be opened at a depth [illegible] that any [illegible] The [illegible] is looked to [illegible] that they will [illegible] the [illegible] and that work can [illegible] The [illegible] ore [illegible]

EL PASO MINE IS [illegible] TODAY

A shipment of 40 tons is to be made today from the [illegible] property of the El Paso [illegible] company. The [illegible] in the upper levels [illegible] from the [illegible] which [illegible] assays [illegible] per ton in gold to the [illegible] bottom level has been [illegible] and the entire [illegible] of the vein is [illegible] been without effect [illegible] the company [illegible] other portions of the mine [illegible] a good showing in the [illegible] some time ago in [illegible] the [illegible] May [illegible] The showing [illegible] the Spratt lease [illegible]

PARTY WILL VISIT THE [illegible] TERRIBLE

F. J. Hobbs of this city, an officer of the [illegible] Terrible company, owning the mine of the same name near Ophir in the San Juan, will take a party of those interested in the [illegible] to Ophir this week to examine the mine and mill [illegible] in the mine has improved [illegible] the last few months and it has been found necessary to [illegible] the mill [illegible] to 30 stamps [illegible] It is aimed to have the regular [illegible] week [illegible] the party is there [illegible] is expected that at that time a gold brick will be turned out worth at least [illegible] which is $1,000 more than any gold brick has been worth yet [illegible]

ZOE ORE RUNS BETWEEN [illegible] AND [illegible] TO THE TON

Returns were received yesterday [illegible] the [illegible] Zoe [illegible] company in this city from 18 tons recently marketed [illegible] Standish & Co. [illegible] ground. The ore [illegible] divided into two lots [illegible] which [illegible] between [illegible] gold [illegible] and the balance was settled [illegible] rate [illegible] The shipment [illegible] per cent of which will go to the Zoe company as royalty. The lessees are confident of making a good profit out of the little mine [illegible] explanation of the low values which the larger portion of the [illegible] yielded.

PROGRESS OF WORK ON MARY CASHEN

The shaft which the company is sinking on the Mary Cashen property adjoining the Gold Coin property has attained a depth of 60 feet from the surface but no stop will be made until the [illegible] level is reached where a drift will be sent out [illegible] the vein which [illegible] down to the [illegible] foot point was barren in Mary Cashen workings. It is thought that an ore shoot will be opened at depth as the location of the property is [illegible] excellent. A winze is being sunk from the 500 foot level to connect with the Gold Coin workings about 20 feet below. This will give good ventilation to that portion of both properties. The capitalization of the Mary Cashen company was recently raised to $500,000 to permit this work to be prosecuted.

BIG SALE OF BEACON HILL PROPERTY

A [illegible] of 20 acres of ground on the [illegible] slope of Beacon Hill is now pending and is expected to go through in a few days on a basis of $100,000 for the claims. The property is located somewhat outside of the recognized mineral belt but some very good indications of ore have been obtained and there are producing mines within a short distance. It is likely that a stock company will be formed after the deal has been made and the property actively developed. Beacon Hill has been attracting great attention lately because of the number of its shippers and the good showing in many of its mines and it seems reasonable to suppose that the mineral zone in this part of the camp may be extended even farther than it now is. It was not so long ago that the east slope of Beacon Hill was considered [illegible]

CYCLE DIVIDEND WILL BE PAID MONTHLY

The [illegible] authority for the statement made yesterday that the Golden Cycle company will pay a quarterly dividend beginning next month evidently was unaware of the feelings of the other directors who [illegible] that the distribution of $15,000 will be made monthly instead of $45,000 quarterly. The production of the mine for May [illegible] over 2,100 tons [illegible] which would make the gross output about $2,000 [illegible] in addition to this about 100 tons of ore was broken down and is lying in the [illegible] ready for shipment [illegible] during this month [illegible] about 1,500 tons of ore will be broken down [illegible] begun last month. [illegible] work is being done in the Legal Tender [illegible] has established a width of 20 feet.

WHAT CAUSES DANDRUFF

Greatest European Authority on Skin Diseases Says It's a Germ

The old idea was that dandruff is a scale of skin [illegible] condition of the skin. Prof. Unna, Hamburg, Germany, European authority on skin diseases, says dandruff is a germ [illegible] The germ [illegible] under the scalp [illegible] the vitality of the hair at the root. The only hair preparation that kills the dandruff germ is Newbro's Herpicide. [illegible] the cause you remove the effect. [illegible] Destroy the [illegible] germ.
